

EMERGENCY FIRST AID AT WORK

Where a workplace first aid risk assessment identifies a need for an Emergency First Aider in the Workplace, this one-day qualification meets the requirements of the Health and Safety (First Aid) Regulations 1981 and the Health and Safety (First Aid) Regulations (Northern Ireland) 1982.

The learner will attain knowledge and the practical competence required to deal with a range of workplace first aid situations.

The FAA Emergency First Aid at Work qualification is unit 1 of the three-day FAA First Aid at Work qualification. From gaining this qualification learners could progress to completing unit 2 and being awarded the FAA First Aid at Work qualification.

- **Meets employer's legal obligations**
- **Compliant with Resuscitation Council (UK) 2015 Guidelines**
- **3 year qualification**
